Petlibro Food Desiccant

User Manual

Description

The Petlibro Food Desiccant has been designed to maintain the freshness of your pet's food. Its main function is to reduce moisture in the container, preventing the food from clumping or molding. This action helps minimize the risk of food spoilage, which directly affects the safety and quality of daily meals. Even with prolonged storage, the food remains in better condition, ensuring that your pet receives food in the proper form at all times.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: https://innpro.pl/) or another specialist.

Specification:
