Machine translation from Čeština. In case of doubt the manufacturer's original document prevails.

User Manual

AURZEN Case play Protective Case

Description

The Aurzen case is a compact device designed for the safe storage and transport of the Aurzen ZIP projector and its accessories. Made from water-resistant and dustproof polyurethane (PU) with a soft velvet lining inside, the case effectively protects the device from scratches, impacts, and moisture, while the reinforced core absorbs shocks even from falls of up to approximately 1.8 m.

Using the product for its intended purpose

For safety reasons and to ensure certification, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage. Improper use may also pose a risk. Please read the user manual carefully and keep it for future reference. It is necessary to read and follow the safety instructions provided in the manual.

1. The product is not a toy. Keep out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not subject the product to mechanical loads.
4. If safe handling is no longer possible (the product is damaged or not functioning properly), stop using it and ensure that it is not used further.
5. Handle the product with care. Shocks, impacts, or drops of the product may cause damage.
6. If in doubt about operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer support.
