User Manual

Baseus

Hub 4-in-1 Baseus Metal Gleam Series, USB-C to 4x USB 3.0

Description

Are you looking for a reliable tool that will help you work more efficiently? The Hub 4-in-1 Baseus Metal Gleam Series is the perfect answer to your needs! With 4 available ports and lightning-fast data transfer speeds of up to 5 Gbps - check out what else you gain! The product is also extremely durable, and thanks to its compact size, you can always have it with you.

Intended Use

It is intended for indoor use only. Using the device outdoors is not allowed. You must unconditionally avoid contact with moisture, e.g., in the bathroom, etc. For safety and certification reasons, the device must not be modified or changed in any way. If the product is used for purposes other than those described, it may be damaged. Additionally, improper use may pose hazards. Read the user manual carefully and keep it for future reference.

Safety Usage Tips

You must read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), stop using it and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.

7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Cable length - 170 mm

Dimensions - 44.5 x 115 x 16 mm

Weight - Approx. 82 g

ENVIRONMENTAL PROTECTION

Used electronic equipment marked in accordance with the European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The collection system for used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, which define hazards that should be detected and eliminated.
