

Instructions

1. Press the power button on the stylus and the indicator will light up blue, meaning under operation mode.

2. You can use the stylus instead of your fingers to tap, drag on the screen. Or use it to write, draw in some apps.

3. When you press the power button again, the stylus will turn off.
Note: After 5min of standby (not using the stylus), it will automatically turn off.

Battery Charging

You can charge the stylus battery in three ways.

- 1. Please use a standard USB to Type-C cable to charge the stylus, (most charging cables or data cables for Android phones and tablets on the market now are applicable to this product) connect one end of the cable to the Type-C port on the stylus and the other to the USB port on a computer or tablet.
- 2. Connect the Type-C port of the stylus to a power adapter with a cable.
- 3. Connect the Type-C port of the stylus to a power bank with a cable.

Declaration on hazardous substances and elements contained in electronic products

Part Description	Hazardous substances and elements					
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent chromium (CrVI)	Polybrominated Biphenyls (PBBs)	Polybrominated Biphenylethers (PBDE)
PCB	X	O	O	O	O	O
Plastic	O	O	O	O	O	O
Battery	O	O	O	O	O	O
Accessory	O	O	O	O	O	O

This form is compiled in accordance with SJ/T 11364.
O:It indicates that the content of the harmful substance in all homogeneous materials of the component is below the limit specified in GB/T 26572 standard.
X: The content of harmful substances in at least one homogeneous material of this part exceeds the limit stipulated in GB/T 26572 standard.

Warn Tip: The 5-year icon refers to the "effective life of environmental protection", not the product quality assurance period. Electronic products all contain harmful substances such as lead, mercury and cadmium. Once they are overused, harmful substances may leak or mutate, cause pollution to the environment, or cause serious damage to people and property. The term of "environmental protection use" means that all electronic products will be required to use within this effective period. We will no longer be responsible for the quality of the products due to the safety risks that arise after the safe use period.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

It is hereby declared that BS-PS012, a product model of Shenzhen Baseus Technology Co., Ltd., complies with the provisions of Directive 2014/30/EU, Directive 2011/65/EU . The full text of the EC Declaration of Conformity can be found on the following website: www.baseus.com
 This equipment complies with the provisions of Directive 2012/19/EU, 2006/66/EU. It is strictly forbidden to dispose of this equipment with ordinary trash; it must be recycled. This symbol indicates that the product shall not be treated as regular domestic trash, and must be delivered to a recycling center that is capable of recycling electronic and electrical equipment.
