User manual

Baseus

Baseus Magnetic Mini 10000mAh Power Bank, USB-C 20W MagSafe

Description

Charge your devices quickly and safely with the Baseus power bank! The Baseus Magnetic Mini power bank is equipped with a USB-C port and also allows for wireless charging. Its capacity is as high as 10,000 mAh. It also has built-in LEDs that allow you to check the battery capacity at any time. It supports fast charging protocols such as PD 20W.

Intended use

You must unconditionally avoid contact with moisture, e.g., in the bathroom, etc. For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Read the user manual carefully and keep it for future reference.

Safety usage instructions.

You must read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not subject the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), stop using it and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service or another specialist.

Included in the package

- power bank
- USB-C to USB-C cable

Specification

Brand: Baseus

Name: Baseus Magnetic Mini Power Bank

Battery capacity: 10000mAh / 38.5Wh
Battery: Lithium polymer
Rated capacity: 5800mAh (5V/2.4A)
Energy conversion efficiency: $\geq 75\%$
USB-C input: 5 V - 3 A, 9 V - 2 A
USB-C output: 5V/2.4A; 9V/2.22A; 12V/1.5A
Wireless charger output power: 5W/ 7.5W / 10W / 15W
Total output current: 5V/2.4A
Material: PC+ABS
Dimensions: 104.6 x 68.9 x 20 mm
Weight: 208 g
Cable material: TPE
Cable power: 60W
Cable interface: USB-C to USB-C
Cable length: 50 cm

ENVIRONMENTAL PROTECTION

Used electronic equipment marked in accordance with the European Union directive must not be disposed of with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) regarding safety, health protection, and environmental protection, which identify hazards that should be detected and eliminated.
