Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User manual

Brand: Baseus

Baseus MagPro car mount with 15W Qi2.0 wireless charger

Description

The Baseus MagPro mount offers a maximum wireless charging of 15W, so you don't have to wait too long for your device to be ready for further use. Moreover, it is compatible with both iOS and Android systems, and mounting the holder is hassle-free. Additionally, special clips ensure stability while protecting the air vent from damage.

Intended use

Using the device outdoors is not permitted. You must unconditionally avoid contact with moisture, e.g., in the bathroom, etc. For safety and certification reasons, the device must not be modified or altered in any way. If the product is used for purposes other than those described, it may be damaged. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference.

Safety usage instructions

Please read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), stop using it and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Input voltage - 5V/2.4A, 9V/2.23A, 12V/1.67A

Wireless charging - 5/7.5/10/15 W

Dimensions - 125 × 58 mm

ENVIRONMENTAL PROTECTION

Waste electrical and electronic equipment marked in accordance with the European Union directive must not be placed together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.
