baseus · EAN 6953156274969

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Baseus

Baseus Cafule 2.4A 1m Lightning USB Cable (red) CALKLF-B09

Description

The length of the Baseus cable is 100 cm, and the maximum output current is 2.4 A. The cable provides user comfort and high functionality. It is made of high-quality materials that ensure a long product lifespan.

Intended Use

The product is intended for indoor use only. Using the device outdoors is not permitted. Contact with moisture, e.g., in the bathroom, etc., must be unconditionally avoided. For safety and certification reasons, the device must not be modified or altered in any way. If the product is used for purposes other than those described, it may be damaged. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference.

Safety Usage Guidelines

Please read and follow the safety guidelines contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.
7. If there are any questions not answered in this manual, please contact our customer

service office or another specialist.

Operation:

1. Connect the cable to the charger/laptop.
2. Connect the cable to the mobile device.

ENVIRONMENTAL PROTECTION

Used electronic equipment marked in accordance with the European Union directive must not be disposed of with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The collection system for used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this matter can be obtained from the municipal office, waste management facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning issues related to safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.
