Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Baseus

Baseus Cafule Lightning USB Cable 2.4A 1m (Gray-Black)

Description

The length of the Baseus cable is 100 cm and the maximum output current is 2.4 A. The cable provides comfort of use and high functionality. It is made of high-quality materials that ensure a long product lifespan.

Intended Use

The product is intended for indoor use only. Using the device outdoors is not allowed. It is imperative to avoid contact with moisture, e.g., in the bathroom, etc. For safety and certification reasons, the device cannot be modified or altered in any way. If the product is used for purposes other than those described, it may be damaged. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference.

Safety Instructions

Please read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our

customer service office or another specialist.

Operation:

1. Connect the cable to the charger/laptop.
2. Connect the cable to the mobile device.

ENVIRONMENTAL PROTECTION

Used electronic equipment marked in accordance with the European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The collection system for used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this matter can be obtained from the municipal office, cleaning company, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.
