Tripod for projector Blitzwolf BW-VF3

Ensure comfort and stability while presenting or watching movies. The BW-VF3 is made of durable aluminum, making it resistant to corrosion and wear. Additionally, the adjustable height ranging from 670 to 992 mm allows it to be tailored to various needs and settings. The head is also adjustable – 360° horizontally and 90° vertically, enabling you to customize the projector angle to your preferences.

Furthermore, it is lightweight and does not take up much space when folded, so its transport and storage will not be problematic.
