manufacturer's original document prevails.

User Manual Transmitter / Receiver

BlitzWolf BW-BL2, Bluetooth 5.0

BW-BL2

Specification

Model	BW-BL
Bluetooth	V5.0
Bluetooth Range	10m
Battery	200mAh
Charging Time	2 hours
Connection Method	3.5mm AUX

RX Mode

Pairing BW-BL2 with another device

- A. Press and hold the power button for 3 seconds to turn on the device, then use the slider to switch the device to RX mode. The device will signal with a blue light.
- B. Connect the 3.5mm cable to the headphone port of the device, and connect the other end of the cable to the audio port of your device.
- C. Turn on Bluetooth on your phone or iPad, select the BW-BL2 device from the list of available devices, and connect.
- D. Once BW-BL2 is connected to the device, the RX indicator will blink blue.

TX Mode

Pairing BW-BL2 with another device

- A. Turn on Bluetooth on the headphones or speaker.
- B. Press and hold the power button for 3 seconds to turn on the device, then use the slider to switch the device to TX mode. The device will signal with a red light.
- C. Connect the audio cable to your phone, tablet, MP3 player, CD player, computer, TV, or another device, and connect the other end of the cable to the audio port of the transmitter.
- D. If the transmitter indicator blinks red, it means that BW-BL2 is searching for another device to connect to via Bluetooth. The Bluetooth signal range is up to 1m.
- E. Once BW-BL2 is connected to the device, the TX indicator will blink red.

<https://files.innpro.pl/BlitzWolf>

Radio frequency: 2400-2483 MHz
Max. radio frequency power: ≤ 20 dBm

Environmental Protection

Waste electrical and electronic equipment marked in accordance with the European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The waste collection system complies with local environmental protection regulations regarding waste disposal. Detailed information on this topic can be obtained from the municipal office, waste management facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.

This document is a translation of the original user manual created by the manufacturer.

Detailed information about the distributor/manufacturer warranty conditions is available on the website <https://serwis.innpro.pl/gwarancja>

The product should be regularly maintained (cleaned) by the user or by specialized service points at the user's cost and responsibility. If there is no information about necessary periodic or service maintenance actions in the user manual, the user should regularly, at least once a week, assess any deviation of the physical condition of the product from that of a physically new product. If any deviation is detected or noted, urgent maintenance (cleaning) or service steps should be taken. Failure to perform proper maintenance (cleaning) and respond upon detecting a state of deviation may lead to permanent damage to the product. The warranty does not cover damages resulting from neglect.
