(Μαύρο)

darkFlash · EAN 4710343793465

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

LED Fan for Computer

Darkflash CL12 (120x120)

User Manual

Large 4-pin cable

Connection method: connect to the 4-pin power supply connector.

Safety notes:

- Before installation, completely disconnect the computer from the power supply.
- To avoid damaging the computer, do not touch the contacts, wires, and electronic circuits.

Limit contact with electronic components to a minimum.

- The manufacturer of the product is not responsible for damages and injuries caused by failure to follow safety instructions and information contained in this user manual.
- The product and its packaging should be kept out of reach of children and pets. The packaging includes plastic film, which a child could suffocate on while playing.
- Mechanical stress on the product is prohibited - strong shocks, impacts, drops, or crushing of the product may cause damage.
- The product is not allowed to operate in unfavorable conditions. Unfavorable conditions primarily include: exposure to direct sunlight, high or very low ambient temperatures, strong vibrations, high humidity, environments with flammable or aggressive gases, dust, or liquids.
- If the product has been damaged or stored for an extended period in poor or unfavorable conditions, safe operation of the device is not possible. The use of the product must be stopped immediately, and for safety reasons, it should be secured against reuse.
- During installation, do not use excessive force, as this may cause serious damage to the product.
- In case of doubts regarding the operation, safety, or connection of the product, please contact the Manufacturer or a qualified professional.
- All maintenance, adjustment, and repair work on the product may only be carried out by a qualified person.

This document is a translation of the original user manual created by the manufacturer. The product should be regularly maintained (cleaned) by the user or by specialized service points at the user's expense and scope. If there is no information about necessary periodic or service maintenance actions in the user manual, the user should regularly, at least once a week, assess the deviation of the physical condition of the product from that of a physically new product. If any deviation is detected or identified, urgent maintenance (cleaning) or service steps should be taken. Failure to properly maintain (clean) and respond upon detecting a state of deviation may lead to permanent damage to the product. The guarantor is not responsible for damages resulting from neglect.
