This document is a translation of the original user manual,
created by the manufacturer.

The product should be regularly maintained (cleaned) by the user
or by specialized service points at the user's cost and responsibility. In the absence of
information about necessary periodic or service maintenance actions in the user manual, the
user should regularly, at least once a week, assess the physical condition of the product
against that of a physically new product. If any deviation is detected or identified, urgent
maintenance (cleaning) or service actions should be taken. Failure to properly maintain
(clean) and respond upon detecting a state of deviation may lead to permanent damage to
the product. The guarantor is not responsible for damages resulting from negligence.
