User Manual

Mounting / Stabilizing Handle for EcoFlow WAVE Air Conditioners

Description

The EcoFlow Velcro Strap Handle for EcoFlow WAVE series air conditioners facilitates carrying the device with one hand, enhancing transport convenience in the field and during everyday use. With its thoughtful design and wide Velcro strap, the product securely wraps around the device's body, providing stability and safety. The accessory is made of durable polyester material with a metal blend and is designed for quick installation without the use of tools.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product from reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
