Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Mopping Pad ECOVACS for DEEBOT T30/T50

Description

Original ECOVACS mopping pads DWP020022 designed specifically for DEEBOT robotic vacuum cleaners from the X8, T50, and T30 series with OZMO Turbo system. Thanks to the 3-layer microfiber construction, they effectively tackle dried dirt, greasy stains, and everyday messes. The cleaning layer helps lift dirt from the floor, the middle layer absorbs water and traps dirt, while the back layer securely holds the accessory on the mopping module. The material evenly distributes moisture, ensuring the floor dries without streaks or spots. The pads are reusable – they can be washed both in the OMNI station during automatic cleaning and in a washing machine. The quick attachment system makes it easy to replace them, and the gentle material is suitable for wooden floors, laminated panels, ceramic tiles, and polished stone. The set includes 4 pads.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer

service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification:

Manufacturer: ECOVACS

Model: DWP020022

Material:

Top layer: polyester fabric with short fibers

Middle layer: high elasticity sponge

Third layer: fabric with Velcro

Compatibility: ECOVACS DEEBOT robotic vacuum cleaners from the T50 / T50 MAX / T30 C PRO / T30C/T50 PRO OMNI Gen3/T50 OMNI Gen3/T30e OMNI series

Number of pieces in the set: 4
