ECOVACS Replacement Bags for DEEBOT T30/T50

Description

Original ECOVACS bags DDB030041 designed for the OMNI stations of DEEBOT robotic vacuum cleaners from the X8, T50, and T30 series. They effectively collect dust, pet hair, and other debris, helping to maintain cleanliness. The SILVADUR™ 930 antibacterial technology limits the growth of bacteria, mold, and fungi, while the activated carbon layer absorbs unpleasant odors. Upon removal, the bag automatically seals, trapping dust inside. This makes changing the bag quick, convenient, and more hygienic. The durable, multi-layer construction is adapted for use with the station's high suction power, and the large capacity allows the robot to be used for up to 60 days without the need for replacement. The set includes 3 bags.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may damage the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.

7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
