User Manual

Standard Service Kit ECOVACS for T90, X12

Description

The ECOVACS service kit DDB062458 includes the essential consumables needed for regular maintenance of DEEBOT robotic vacuum cleaners from the T90 and X12 series. Inside the package, you will find the ZeroTangle main brush and two ARClean side brushes that facilitate the collection of dirt from corners and along walls - all brushes minimize hair and fur tangling. You also have an antibacterial multi-layer filter at your disposal, which eliminates dust, pollen, and allergens as small as 0.3 microns with an efficiency of up to 99.9%. The applied SILVADUR™ 930 and REVACIL technologies with silver ions limit the growth of bacteria, mold, and fungi, and additionally help prevent unpleasant odors.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our

customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
