OPERATING INSTRUCTIONS

Charging the Power Bank

To charge the power bank, connect the built-in cable of the power bank to the USB-C port of the charger.

The LED indicator on the power bank will blink and charging will commence.

Alternatively, you can use another USB-C cable to connect to the input port of the power bank for charging.

Charging Devices with the Power Bank's Built-in Cable

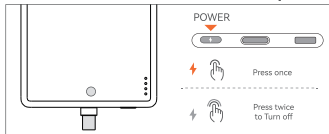

Simply connect the power bank's built-in cable to the device you wish to charge, such as a phone or other digital device, to begin charging.

Charging Devices with the Power Bank's Output Port

Using an appropriate cable, connect one end to the USB-C port of the power bank and the other end to the device you wish to charge, such as a phone or other digital device, to begin charging.

Power Bank Button Function Description

Press the power button once to power on, and display the current power of the power bank supply.

Press the power button twice to shut down and turn off the power display.
