Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Flextail EZYPACK Compression Bag

Description

The lightweight, waterproof Flextail compression bag for clothing and gear significantly reduces the volume of packed items. The valve design allows for the removal of air from the interior, enabling the contents to take up to 85% less space in luggage. With dimensions of 35 × 16 × 50 cm and a capacity of approximately 25 l, it allows for packing a larger amount of clothing or equipment in a compact form. This solution is ideal for travel, trekking, and everyday packing when space and protection of contents are essential.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not subject the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product to prevent reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
