VND Freewell Filter with Polarization

User Manual

Description

The Freewell Sherpa VND/CPL 3-7 Stops filter is an accessory designed specifically for use with the Freewell Sherpa iPhone Series case and Genius Rig Cage. It combines a variable neutral density (VND) filter in the range of 3–7 stops with a CPL polarizing filter, allowing for simultaneous control of the amount of light entering the lens and reducing unwanted reflections. The magnetic mounting system allows for quick attachment or removal of the filter without the need for additional tools, and the high-quality optical glass ensures high image clarity and minimizes the risk of color distortion. This practical solution is for those who want greater freedom when photographing and filming with a smartphone in various lighting conditions.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If there are any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification:

Manufacturer: Freewell

Model: Sherpa VND/CPL 3-7 Stops

Filter Type: VND (Variable ND) + CPL

ND Filter Adjustment: 3–7 stops

Polarizing Filter: Yes (CPL)

Polarization Angle Adjustment: Base rotation 360°

Material: High-quality optical glass

Mounting: Magnetic

Compatibility: Freewell Sherpa iPhone Series case and Genius Rig Cage

Manufacturer: Freewell Industry Company Limited

Address: Unit NO.A222, 3F Hang Fung Industrial Building, Phase 2 NO.2G Hok Yuen Street

Hung Hom, Kowloon, Hong Kong
