User Manual

Quick Release Plate with Tripod Mount Freewell

Description

The Freewell quick release plate with tripod mount is a professional solution for photographers and videographers who value quick operation, equipment safety, and flexibility in configuration. Thanks to the manual locking mechanism, it allows for rapid mounting and dismounting of the camera. The accidental disconnection protection ensures stability during fieldwork. Compatibility with the 1/4"-20 mount and Arca-Swiss standard makes the product suitable for most tripods and cameras. The lightweight and durable construction made of high-quality aluminum, along with a hidden tightening tool and a load capacity of up to 10 kg, make the quick release plate an excellent choice for work in any conditions.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference.

Safety Usage Guidelines

Read and follow the safety guidelines contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), stop using it and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product,

consult a qualified professional.

7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification

Model: FW-TPQR

Material: Aluminum alloy

Weight: 70 g
