User Manual

Freewell Real Locking Variable ND/CPL All Day Kit

Description

The Freewell Real Locking All Day Kit is a filter system designed for creators who need full control over light and image. It combines a variable neutral density filter (VND), an ND32 filter, and a cover that allows for white balance adjustment, providing maximum flexibility during photography and videography. The entire system is based on a robust locking mechanism that ensures quick mounting and stability even during dynamic use.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specifications

Manufacturer: Freewell

Product Code: FW-L1-ALD

Dimensions of VND/CPL filter: Outer diameter: 111 mm, thickness 14.42 mm

Weight of VND/CPL filter: 41.2 g

Dimensions of ND32 filter: Outer diameter 116.6 mm, thickness 6.2 mm

Weight of ND32 filter: 33.9 g
