User Manual

Freewell Sunshade for Fuji X100 Series

Description

The Freewell sunshade for Fuji X100 Series offers lens protection and a built-in CPL/Black Mist filter (49 mm). The polarizing filter reduces glare and enhances color saturation, which is particularly useful for landscape photography. The Black Mist effect softens the light and is perfect for portraits and urban shots.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
