

Φίλτρο ND32/PL Freewell για το DJI Mini 5 Pro

Freewell · EAN 4897143171515

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

ND32/PL Freewell Filter for DJI Mini 5 Pro

Description

The ND32/PL Freewell filter is a practical accessory for the DJI Mini 5 Pro drone that helps achieve better shot quality in challenging lighting conditions. By reducing light by up to 5 stops, the filter performs particularly well when filming in bright sunlight – it allows for proper exposure and helps avoid overexposure.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification

Product Code: FW-MN5-ND32/PL
