Freewell · EAN 4897143171539

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

ND1000/PL Freewell Filter for DJI Mini 5 Pro

Description

The ND1000/PL Freewell Filter for DJI Mini 5 Pro is a solution designed for those who want to achieve smooth, cinematic shots in challenging lighting conditions. By reducing the image brightness by up to 10 stops, it allows for long exposure photography even in very bright environments.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), cease use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
