Freewell Pro Plus Card Reader

User Manual

Description

The Freewell Pro Card Reader Plus is a professional memory card reader designed for photographers, videographers, and creators working with large files. It supports SD UHS-I/UHS-II, microSD (with adapter), CFexpress Type A, CFexpress Type B, and XQD cards with a capacity of up to 4 TB, providing fast and convenient access to data. With an interface bandwidth of up to 10 Gb/s and the ability to read three cards simultaneously, it significantly streamlines daily work. An additional feature is compatibility with the Freewell Pro SSD Link module, which expands the reader's capabilities to write data to an SSD and provides active cooling during intensive use. The solid aluminum casing in Champagne Gold effectively dissipates heat, and its wide compatibility with computers, tablets, smartphones, and consoles makes the device suitable for both studio and field use. For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), cease use and secure the product from further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification:

Manufacturer: Freewell

Model: Pro Card Reader Plus

Maximum transfer speed: up to 10 Gb/s

Supported cards: CFexpress Type A, CFexpress Type B, XQD, SD UHS-I, SD UHS-II, microSD (using SD adapter)

Maximum card capacity: up to 4 TB

Number of slots: 3

Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning issues related to user safety, health protection, and

environmental protection, identifying hazards that should be detected and eliminated.

Detailed information about the distributor/manufacturer warranty conditions is available on the website <https://serwis.innpro.pl/gwarancja>

The product should be regularly maintained (cleaned) either by the user or through specialized service points at the user's cost and responsibility. In the absence of information about necessary periodic or service maintenance actions in the user manual, the physical condition of the product should be assessed regularly, at least once a week, against that of a physically new product. If any discrepancies are detected or identified, urgent maintenance (cleaning) or service actions should be taken.

Failure to perform proper maintenance (cleaning) and to react upon detecting an abnormal condition may lead to permanent damage to the product. The warranty does not cover damages resulting from negligence.
