Freewell accessory kit Pro Card Plus memory card reader + SSD disk adapter

User Manual

Description

The Freewell Pro Card Reader Plus and Pro SSD Link kit has been designed for photographers, filmmakers, and content creators who need fast data transfer and convenient work with memory media. The reader supports SD, CFexpress Type A, CFexpress Type B, and XQD cards with a capacity of up to 4 TB, while the adapter works with M.2 2230 NVMe disks with a capacity of up to 8 TB. With a USB-C interface with a bandwidth of up to 10 Gb/s, the kit ensures efficient file copying, and the included Pro SSD Link adapter allows for direct recording of ProRes materials on compatible smartphones. For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual. 1. The product is not a toy. Keep it out of reach of children and pets. 2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents. 3. Do not expose the product to mechanical loads. 4. If safe operation is no longer possible (the product is damaged, not functioning properly), stop using it and secure the product against reuse. 5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage. 6. If there are any doubts regarding operation or safety, consult a qualified professional. 7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification:

Manufacturer: Freewell

Reader model: Pro Card Reader Plus

Adapter model: Pro SSD Link

Interface: USB-C

Maximum data transfer speed: up to 10 Gb/s

Supported memory cards: SD, CFexpress Type A, CFexpress Type B, XQD

Maximum capacity of supported cards: up to 4 TB

Supported disks: M.2 2230 NVMe

Maximum SSD capacity: up to 8 TB

USB standard of the adapter: USB 3.2 Gen 2

Supported technologies: UASP, TRIM

Power Delivery charging: up to 100 W (pass-through)

Additional port: USB-C Audio

Reader cooling: passive

Adapter cooling: active with automatic activation above 35°C

Adapter mounting: MagSafe with non-slip silicone pad

Housing material: aluminum

Color: Champagne Gold

Manufacturer: Freewell Industry Company Limited

Address: Unit NO.A222, 3F Hang Fung Industrial Building, Phase 2 NO.2G Hok Yuen Street

Hung Hom, Kowloon, Hong Kong

Responsible entity in the EU:

Freewell Industry Company Limited

Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be placed together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the

European Union (EU) regarding issues related to user safety, health protection, and environmental protection, specifying hazards that should be detected and eliminated.

Detailed information about the distributor/manufacturer warranty conditions is available on the website <https://serwis.innpro.pl/gwarancja>

The product should be regularly maintained (cleaned) by the user or through specialized service points at the user's cost and responsibility. If there is no information about necessary periodic or service maintenance actions in the user manual, the physical condition of the product should be assessed regularly, at least once a week, against that of a physically new product. If any deviation is detected or identified, urgent maintenance (cleaning) or service steps should be taken.

Lack of proper maintenance (cleaning) and response upon detecting an abnormal condition may lead to permanent damage to the product. The warranty does not cover damages resulting from neglect.
