Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

Adjustable Freewell ND Filter (Gray)

User Manual

Description

The Adjustable Freewell ND Filter combines a VND (Variable ND) filter with a Mist diffusion filter, providing greater control over light and giving recordings a more cinematic character. The adjustment range of 2-5 Stops (ND4-ND32) allows for easy exposure adaptation to conditions from overcast skies to standard sunlight, without the need to change filters. The Hard Stop system defines the extreme adjustment values, eliminating the risk of exceeding the operational range and causing cross-polarization effects. The filter is made from Pure High Definition optical glass with a multi-layer coating (18 layers), and additional protections against dust, scratches, and fingerprints enhance its durability during everyday use. For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If there are any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specifications:

Manufacturer: Freewell

Model: FW-82-STD
