Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User manual

Freewell DJI Osmo Pocket 3 All Day 8 Filter Set

Description

The All Day Kit is a complete set of 8 filters designed for the DJI Osmo Pocket 3. The set includes ND8/PL, ND16/PL, ND32/PL, ND64/PL, CPL, ND8, ND16, and ND32 filters, which allow you to reduce the amount of light entering the lens and achieve advanced effects, such as reducing light reflections on water surfaces while extending exposure time. Create breathtaking photos and experiment with Freewell filters! The filters are lightweight and have a magnetic design, making installation quick and easy. The set includes a special case for storing the filters and a cleaning cloth.

Intended use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Read the user manual carefully and keep it for future reference. Be sure to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
