Freewell · EAN 6972971865190

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

## User Manual

### FREEWELL Filter and Lens Set for DJI Osmo Pocket 3

#### Description

The set includes macro, wide-angle, and anamorphic lenses, as well as ND filters 8/32/128, which will give your shots a unique character. Moreover, they are made from high-quality materials and are resistant to scratches, dust, and greasy stains. Additionally, their installation and removal will not pose any problems for you.

#### Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. If the product is used for purposes other than those described, it may be damaged.

Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product from further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: [hurt@innpro.pl](mailto:hurt@innpro.pl), website: <https://innpro.pl/>) or another specialist.
