

UV Filter Freewell for DJI Avata 2

Freewell · EAN 6972971865343

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Freewell UV Filter for DJI Avata 2

Description

The filter is specially designed for DJI Avata 2 models. It is made of high-quality optical glass with special coatings that protect the lens from scratches, dust, and dirt. The UV filter blocks ultraviolet light, helping you avoid haze in your photos and achieve sharp, clear images. The package also includes a case that makes it easier to store the filter.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference.

Safety Tips for Use

You must read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
