

Freewell Glow Mist 1/4 diffusion filter for DJI Osmo Action 5 Pro

Freewell · EAN 6972971865701

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Freewell Glow Mist 1/4 Filter for DJI Osmo Action 5 Pro

Description

The Freewell Glow Mist 1/4 filter is an essential accessory for filmmakers who wish to give their images and films a cinematic character. How does it work? It subtly diffuses light in illuminated areas while reducing contrast and smoothing skin details. With it, your footage will gain in quality. The package also includes an elegant faux leather case and a cleaning cloth.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may damage the product. Furthermore, improper use may pose hazards. Read the user manual carefully and keep it for future reference.

Safety Usage Tips

Read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product from reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another

specialist.
