Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

Telephoto Lens for Smartphone Freewell 1.7x 17mm Mount

User Manual

Description

The Freewell 1.7x telephoto lens for smartphones with a 17mm mount expands the capabilities of your phone's camera, offering 1.7x optical zoom without degrading the image quality typical of digital zoom. The lens is equipped with multi-layer optical coatings that reduce glare and improve contrast, resulting in sharper and more natural photos. The sturdy housing made of aluminum alloy ensures durability during everyday use. This model is designed to work with dedicated Freewell accessories equipped with a 17mm mount, such as the Sherpa series cases or Mobile Filmmaking Cage. The lens requires a compatible case or ring with a 17mm mounting system, which are sold separately.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product from reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
