

GARRETT Μεταλλική φτυάρι για άμμο

GARRETT · EAN 786156002906

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

GARRETT Metal Sand Scoop

Description

Beach searching requires equipment that can keep up with you whether you are working in dry sand or in wet ground by the waterline. The GARRETT metal sand scoop has been designed for maximum efficiency and user comfort, combining a durable construction with smart solutions that facilitate the selection of finds. The appropriately shaped edge enhances digging, while the special mesh allows for quick separation of sand from valuable items. The solid construction and ergonomic handle make working with it smooth and comfortable even for extended periods. This is a tool that increases the chances of successful searching without unnecessary effort and frustration.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification

Model: 1600970

Material: anodized steel, corrosion-resistant
