Safety instructions and information

1. Does not support manual brightness adjustment; supports brightness adjustment only via the app.
2. Do not look directly at the lamp.
3. Avoid using the lamp in environments where the temperature exceeds 40°C.
4. This is not a toy. Do not allow children to assemble or play with the lamp unsupervised.

*This product is subject to the provisions of European Directive 2012/19/EU. The symbol of the crossed-out waste bin indicates that the product requires selective waste collection in the European Union. This applies to the product and all accessories marked with this symbol. Products marked with this symbol must not be disposed of with normal household waste, but must be taken to a collection point for recycling of electrical and electronic equipment. This recycling symbol indicates, for example, an item or parts of material as valuable for recycling. Recycling helps reduce the consumption of raw materials and protect the environment.

SIMPLIFIED EU DECLARATION OF CONFORMITY

LE Innovation Limited hereby declares that the type of radio equipment [LEPRO B1-EU-4 E27 Wi-Fi LED Bulb] is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following web address:
<https://files.innpro.pl/lepro>

Manufacturer's address: One Spencer Dock, North Wall Quay, Dublin 1, D01 X9R7, Ireland

Environmental protection

Waste electrical and electronic equipment marked in accordance with the European Union directive must not be placed together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The waste collection system complies with locally applicable environmental regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.

This document is a translation of the original user manual created by the manufacturer.

Detailed information on the distributor/manufacturer warranty conditions is available on the website <https://serwis.innpro.pl/gwarancja>

The product should be regularly maintained (cleaned) by the user or through specialized service points at the user's cost and responsibility. In the absence of information about necessary periodic or service maintenance actions in the user manual, the user should regularly, at least once a week, assess any deviation of the physical condition of the product from that of a physically new product. If any deviation is detected or identified, urgent maintenance (cleaning) or service actions should be taken. Failure to properly maintain (clean) and respond upon detection of a deviation may lead to permanent damage to the product. The warranty does not cover damages resulting from neglect.
