LiberNovo Cooling Seat Pad

User Manual

Description

Enjoy a pleasant feeling of coolness with the LiberNovo Cooling Seat Pad. The use of high thermal conductivity gel allows for immediate heat absorption upon sitting down. The multi-layer construction, including soft, skin-friendly fabric and gel, helps maintain a comfortable temperature for a longer time. An additional advantage is easy maintenance – the surface can be conveniently cleaned with a damp cloth.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
