

User Manual

Description

The LiberNovo StepSync for OC1-PRO is an ergonomic footrest specifically designed for the LiberNovo OC1-PRO chair. It enhances comfort during prolonged periods of desk work as well as during rest. Its ergonomic 10° tilt supports correct leg positioning and promotes improved circulation, thereby helping to reduce fatigue. The product features two adjustable height settings, accommodating users with heights ranging from 153 to 185 cm. Its stable construction, premium materials, and capability to be used while the chair reclines up to 160° ensure comfort both during work and relaxation. **Use strictly in accordance with the intended purpose.**

For safety and certification compliance, the product must not be modified or altered in any manner. Use of the product for purposes other than those specified may result in damage. Moreover, improper use may create safety hazards. Carefully read the user manual and retain it for future reference. Ensure compliance with all safety instructions provided in this manual.

1. This product is not a toy. Keep out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Avoid subjecting the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged or not functioning correctly), immediately stop using the product and secure it to prevent further use.
5. The product should be handled with care. Shock, impact, or accidental drops may cause damage to the product.
6. If there are any doubts regarding operation or safety, refer to a qualified professional.
7. If you have any questions not addressed in this manual, please contact our customer service department (email: hurt@innpro.pl, website: <https://innpro.pl/>) or consult another specialist.
