Condenser Microphone

Dynamic Microphone

Warnings and safety information

All information regarding the use of the products can be found in the accompanying instruction manual. Before using the product, read its contents and follow the manufacturer's recommendations.

Also read the following information before use:

Warnings for use

Risk of damage to the device:

- Only use the gaming microphone for its intended purpose - for communication, voice recording or other audio applications.
- Avoid spilling the microphone with water or other liquids. In the event of contact with liquid, immediately disconnect the device and dry it according to the manufacturer's instructions.
- Do not expose the microphone to extreme temperatures or direct sunlight to prevent damage to components.

Risk to the user:

- Avoid positioning the microphone too close to the mouth to prevent damage to the microphone diaphragm and to reduce the risk of sound distortion.
- For models with RGB backlighting, do not look directly into intense light for long periods of time to protect your eyesight.
- Ensure that the power and connection cables are adequately protected and not in places where they can be accidentally damaged.

Compatibility risks:

- Before connecting the microphone, make sure that your computer, console or other device is compatible with the microphone and its software.
- If the microphone has a wireless function, make sure it operates within the recommended Bluetooth or Wi-Fi range.

Information on correct use

Preparation and setup:

- Before first use, install the software provided by the manufacturer, if the microphone requires it, to adjust the sound, sensitivity and backlight settings.
- Place the microphone on a stable stand or arm to prevent it from tipping over during use.
- Make sure the microphone is properly connected to the USB port or audio jack.

Safe use:

- Clean the microphone regularly, especially the protective mesh, to remove dust and deposits that can affect recording quality.
- Use the microphone in a properly ventilated room to avoid overheating the unit during prolonged use.

Additional precautions

- **Cleaning and maintenance:** Use a soft, dry cloth or a soft brush to clean the microphone. Avoid using strong chemicals that may damage the finish.
- **Cable management:** If the microphone is wired, carefully arrange the cable to avoid tangling or damage. For USB microphones, avoid repeatedly connecting and disconnecting the cable in a short period of time.
- **Storage:** After use, unplug the microphone and store it in a dry place, free from dust and moisture.

Declaration of conformity

The gaming microphone has been designed in accordance with the safety requirements of Regulation (EU) 2023/988. It meets the requirements for electromagnetic compatibility (EMC) and safety of use.
