Safety Warnings and Information

All information regarding product usage is included in the attached user manual. Before starting to use the product, familiarize yourself with its content and follow the manufacturer's recommendations. Also, review the following information before use:

Usage Warnings

Risk of Device Damage:

- The gaming microphone should be used only for its intended purpose – for communication, voice recording, or other audio applications.
- Avoid exposing the microphone to water or other liquids. In case of contact with liquid, immediately disconnect the device and dry it according to the manufacturer's instructions.
- Do not expose the microphone to extreme temperatures or direct sunlight to prevent

damage to components.

User Hazard:

- Avoid placing the microphone too close to your mouth to prevent damage to the microphone diaphragm and reduce the risk of sound distortion.
- For models with RGB lighting, do not look directly into the intense light for extended periods to protect your eyesight.
- Ensure that power and connection cables are properly secured and not in places where they may be accidentally damaged.

Compatibility Risks:

- Before connecting the microphone, ensure that the computer, console, or other device is compatible with the microphone and its software.
- If the microphone is equipped with wireless functionality, ensure it operates within the recommended Bluetooth or Wi-Fi range.

Information on Proper Usage

Preparation and Setup:

- Before first use, install the software provided by the manufacturer if the microphone requires it to adjust sound, sensitivity, and lighting settings.
- Place the microphone on a stable stand or arm to prevent it from tipping over during use.
- Ensure that the microphone is properly connected to the USB port or audio jack.

Safe Usage:

- Regularly clean the microphone, especially the protective mesh, to remove dust and debris that may affect recording quality.
- Use the microphone in a properly ventilated room to avoid overheating during prolonged use.

Additional Precautions

- **Cleaning and Maintenance:** Use a soft, dry cloth or a gentle brush to clean the microphone. Avoid using strong chemicals that may damage the finish.
- **Cable Management:** If the microphone is wired, carefully arrange the cable to avoid tangling or damage. For USB microphones, avoid repeatedly connecting and disconnecting the cable in a short period.
- **Storage:** After use, disconnect the microphone and store it in a dry place, free from dust and moisture.

Compliance Statement

The gaming microphone has been designed in accordance with the safety requirements specified in Regulation (EU) 2023/988. It meets the requirements for electromagnetic

compatibility (EMC) and user safety. The product should be regularly maintained (cleaned) by the user or through specialized service points at the user's expense and responsibility. In the absence of information regarding necessary periodic or service maintenance actions in the user manual, the physical condition of the product should be assessed regularly, at least once a week, for any deviation from that of a physically new product. If any deviation is detected or identified, urgent maintenance (cleaning) or service actions should be taken. Failure to perform proper maintenance (cleaning) and respond promptly upon detecting a state of deviation may lead to permanent damage to the product. The warranty does not cover damages resulting from neglect. This document is a translation of the original user manual created by the manufacturer.
