User Manual

Neakasa PooGuard Waste Container

Description

Neakasa PooGuard is a practical container for used litter, dog waste, hygiene mats, as well as diapers or other waste requiring airtight storage. With a capacity of 9.2 liters, it allows for the accumulation of waste for several days without the need for frequent emptying, which significantly reduces daily litter box maintenance. The design is intended to be placed close to the area of use – for example, next to the litter box or in the bathroom – so the compact form does not take up much space while providing convenient access during cleaning. This way, all waste is collected in one place, making it easier and more organized to maintain cleanliness around your pet.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product to prevent reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification

Model: PooGuard

Capacity: 9.2 l
