Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

## AirStep Litter Box Filter with Odor Absorber Neakasa

### User Manual

#### Description

The AirStep carbon filter uses as much as 230 g of activated carbon with a high iodine value of 800 mg/g, effectively absorbing unpleasant odors and helping to maintain a fresher environment for a long time. The honeycomb structure increases air contact with the filter material, resulting in faster and more efficient odor neutralization. The filter effectively reduces compounds responsible for unpleasant odors, providing higher efficiency and a longer lifespan than standard solutions.

#### Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: [hurt@innpro.pl](mailto:hurt@innpro.pl), website: <https://innpro.pl/>) or another specialist.

Specification:

Manufacturer: Neakasa

Product Type: Carbon Filter

Amount of Activated Carbon: 230 g

Iodine Value of Carbon: 800 mg/g

Construction: Honeycomb

Filtration Functions: Odor Reduction, Hair, Dander, and Dust Capture

Recommended Replacement Cycle: Every 3 months

Recommended Replacement Cycle for Intensive Use: Every 2 months

Quantity in Set: 1 piece
