User Manual

Thermal Label NIIMBOT EW50*30-225

Description

The NIIMBOT EW50×30-225 thermal transfer label has been designed for NIIMBOT M2 and M3 printers, providing durable and precise printing of labels measuring 50 × 30 mm. The label is ideal for marking products, wires, documents, cosmetics, plants, or medical materials. The thermal transfer printing technology guarantees high resistance of the print to water, oils, alcohol, abrasion, and scratches, ensuring that the label remains legible for up to 8–10 years. This practical solution is suitable for home, office, warehouse, and anywhere that requires durable and aesthetic labeling.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
