How to Download the Gosund App

1. Search for "Gosund" in the Apple APP Store or Google Play.
2. Scan the QR code below to enter the download page.

How to Pair with the Gosund App

Note: Support 2.4GHz Wi-Fi only.
1. Open the "Gosund" APP and create your Gosund account.
2. Turn on the light strip and put it close to the router when pairing.
3. There are two ways you can add a device.
One way is to tap "+" on the upper right corner and select "Auto Scan" when your phone is Bluetooth enabled.
The second way is to tap "+" on the upper right corner to select "Add Manually", and then select "Strip Light(Wi-Fi)".
Follow the App instructions to complete the operation

Before You Start

1. Install the light strip after it is connected to the Gosund APP successfully.
2. It is not safe to hang down the controller. Fix and stick it on the surface once the light strip was installed.

Installation Steps

1. Clean and dry surface before application. You can use any cleaner that will not leave a film or oily surface. We recommend using alcohol prep pads.
2. Peel tape from light strip and press firmly into place.
3. When it comes to a corner, please refer to the method shown in the figure. Adhesive reaches maximum strength after 24 hours.
4. When connecting the light strip to the controller, make sure to plug it into the correct side.
