User Manual

Magnetic Car Mount for Phone OBDeleven

Description

The OBDeleven magnetic car mount allows you to keep your phone always within sight and reach while driving. It enables stable and secure mounting of your smartphone on the dashboard, without obstructing your field of view and without leaving adhesive residue. The strong magnet keeps the phone in a stable position even on uneven roads, and the 360° rotation option allows you to set the screen in vertical, horizontal, or any angle, making it easier to use navigation, for example. The mount also features a foldable design – it does not take up much space in the car. The accessory is compatible with most smartphone models – including devices compatible with MagSafe.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. You must read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our

customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
