Adjustable Mount OBSBOT Tiny 2

Description

The adjustable mount OBSBOT Tiny 2 has been specifically designed for the OBSBOT Tiny 2 camera, ensuring a perfect fit for this particular model and convenient positioning during recording. Thanks to the magnetic mounting that utilizes the built-in magnet in the OBSBOT Tiny 2 camera, the device can be quickly seated on the mount without complicated assembly. The aluminum alloy construction with a cathodic coating provides stable support, while the compact form does not take up much space on the desk. The adjustable hinged platform allows the camera to be positioned traditionally, at a slight angle, or sideways, making it easier to frame for various applications.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of the reach of children and pets.
