User Manual

OBSBOT Foldable Lightweight Tripod

Description

The OBSBOT Foldable Lightweight Tripod is a lightweight and foldable model for webcams and OBSBOT cameras, suitable for livestreams, video recordings, online meetings, and mobile work. The adjustable height from 24 to 144 cm allows for comfortable framing for various recording scenarios, while the compact design folds down to 31.5 cm, making transport and storage easy. The aluminum housing ensures durability and stability during use, and the low weight of approximately 800 g makes it easy to take on trips, to the studio, or for fieldwork. Thanks to the 1/4" thread, the model is compatible with OBSBOT cameras and webcams, allowing for quick setup for recording or broadcasting.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
