SIMPLIFIED EU DECLARATION OF CONFORMITY

OTTOCAST CORPORATION LIMITED hereby declares that the type

of radio equipment [Ottocast N95C] is in compliance with Directive 2014/53/

EU. The full text of the EU declaration of conformity is available at the following

website: <https://b2b.innpro.pl/ottocast>

Manufacturer's address: Yuanshan Building 13th / Floor1-2nd, Longgang

Shenzhen, China

Radio frequency: 2.4 GHz, 5 GHz

Maximum radio frequency power: ≤ 20 dBm

Environmental protection

Used electronic equipment marked in accordance with the European Union directive must

not be

disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health.

The collection system for used equipment complies with locally applicable environmental regulations regarding waste disposal. Detailed information on this topic can be obtained from the municipal office, waste management facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning issues related to user safety, health protection, and environmental protection, specifying hazards that should be detected and eliminated.

This document is a translation of the original user manual created by the manufacturer.

Detailed information about the distributor / manufacturer warranty conditions is available on the website <https://serwis.innpro.pl/gwarancja>

The product should be regularly maintained (cleaned) by the user or through specialized service points at the user's cost and responsibility. In the absence of information about necessary periodic or service maintenance actions in the user manual, the user should regularly, at least once a week, assess the deviation of the physical condition

of the product from that of a physically new product. If any deviation is detected or noted, urgent maintenance (cleaning) or service actions should be taken. Failure to properly maintain (clean) and respond upon detecting a state of deviation may result in permanent damage to the product. The guarantor is not liable for damage resulting from negligence.
