

LED nail clippers PetKit

Petkit · EAN 6973293800807

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

PetKit Nail Clipper with LED Light

Description

Trimming the nails of pets often poses a significant challenge. Now it will be easier than ever before! The PetKit clippers are equipped with an LED light that helps you avoid damaging the quick and blood vessels, and the built-in file allows you to smooth the nails after trimming. Moreover, the trimmed nails go into a special container, making it easier for you to keep things tidy. The clippers are extremely sharp, durable, and easy to use.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. You must read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product to prevent reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Environmental Protection

Waste electrical and electronic equipment marked in accordance with the European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The waste collection system complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.
