Steps for PetKit litter boxes

Description

PetKit P9219 is a white step for PetKit Pura X and PetKit Pura Max litter boxes. When exiting the litter box, the cat wipes its paws on the edges of the openings in the top cover, allowing all debris to fall into the chamber inside the step. The bottom of the lower chamber has non-slip stickers. This accessory helps maintain cleanliness in the home and minimizes the risk of spreading waste around the house.

Intended use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
