Petlibro · EAN 0754932368638

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

## SAFETY INSTRUCTIONS

### ! Warning

- Properly dispose of all packaging materials. Keep plastic bags away from children and pets, as they may pose a suffocation hazard.
- Do not allow children to play on or near the pet fountain.
- To avoid injuries, supervise the use of the device around children.
- Do not use the pet fountain for pets that do not have access to a water tray or have any physical disabilities.
- Do not place any foreign objects in the water reservoir.
- Do not disassemble the pet fountain beyond the components described in this user manual.
- Do not use the pet fountain for purposes other than those intended.
- Use only accessories recommended or sold by the manufacturer. Using accessories not recommended or not sold by the manufacturer may cause dangerous situations.
- Do not modify the pet fountain.
- DO NOT use the device if it is damaged or functioning improperly. Do not attempt to repair the device yourself. Immediately contact our customer service department for further instructions.
- For safety, unplug the power supply when the device is not in use.
- Before maintenance and cleaning of the device, unplug the power supply.
- Always unplug the device from the power supply when not in use, or before installing, removing parts, and before cleaning.
- The power supply and plug must not be submerged during cleaning.

This product is intended for indoor use only.

01

### Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be placed together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential

negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this topic can be obtained from the municipal office, cleaning facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) regarding safety, health protection, and environmental protection, which define hazards that should be detected and eliminated.
