Manufacturer: SkyRC Technology Co., Ltd.

Address: 4,5,8/F, Building No.4, Meitai Science Park, Guanguang South Road, Guihua, Guanlan, Longhua New District, Shenzhen 518110, China

03 / Operations

① Insert batteries

Unbox and insert four AA LR6 batteries into the battery compartment located on the bottom of the feeder. Use your cautions not to reverse the polarities; replace the cover and the LCD screen lights up.

② Add food and Program Feedings

Short press the OPEN button to open the left tray, and then again to open the right tray, and add food (both dry and wet food).

Pour food

An ice pack can be placed at the bottom of each tray to keep it fresh.

* The ice pack needs to be frozen before use!

Close the left and right lids, press the left "+" or "-" button to set the countdown time for the left meal box. Then, repeat the same step on the right tray. When the planned time is reached, the lid of the tray will pop open automatically. It is recommended to set up the feeding plan with the mobile app to save the hassle!

③ Manual Feeding

Short press the OPEN button to feed instantly!

④ App Setup

Download the Petoneer app and add devices.

04 / Quick Setup

Scan the QR code on the right and download the Petoneer App, which is available on App Store and Google Play. Click Sign up and Sign in to get walked through to connect the feeder by pressing the + icon.

06 / Precautions

1. Do NOT place ice packs when serving with dry food.
2. Do NOT place anything on top of the feeder.
3. This feeder is for both dry and wet food.
4. Never rinse the feeder with water.
5. Please do not fill food beyond the edge of the tray to avoid failure.
6. When the app alerts on low power, replace the battery in time. If it is not used for a long time, please remove the battery.
7. Bulging of the ice pack after freezing is normal.
8. NEVER try to eat the ice pack. When not in use, place it in a dark place to avoid direct sunlight.
9. This feeder is suitable for cats and Small Size Dogs.

07 / Certifications

FCC Instructions:

This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the product and receiver.
- Connect the product into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

FCC Radiation Exposure Statement:

The equipment complies with FCC Radiation exposure limits set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Environmental Conditions

Operating Temperature: 32 °F to 104 °F, (0 °C to 40 °C) (indoor only)

SkyRC Technology Co., Ltd. declares that this Two-Meal Feeder(PF003), is in compliance with the essential requirements and other relevant provisions of the Radio Equipment Directive (2014/53/EU).

Environment friendly disposal

You can help protect the environment!

Please remember to respect your local regulations: dispose of nonfunctional electrical equipment with an appropriate waste disposal center.

Manufacturer: SkyRC Technology Co., Ltd.

4, 5, 8 Floor, Building 4, Meitai Science Park, Guanguang Road, Guanlan, Longhua District, Shenzhen, China.

Read all the instructions

When using electrical appliances, basic safety precautions should always be followed, including the following:

- 1.Do not touch hot surfaces. Use handles.
- 2.To protect against electric shock do not immerse cord, plug into water or other liquid.
- 3.Close supervision is necessary when any appliance is used by or near children.
- 4.Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or

taking off parts, and before cleaning the appliance.

5.Do not operate any appliance with a damaged cord or plug, should the appliance malfunction, or if it has been damaged in any manner. Return appliance to the nearest authorized service facility for examination, repair or adjustment.

6.The use of the accessory attachments is not recommended by the appliance manufacturer as it may cause injuries.

7.Do not use outdoors.

8.Do not let the cord hang over edge of table or counter, or touch hot surfaces.

9.Do not place on or near a hot gas or electric burner, or in a heated oven.

10.Always attach plug to appliance first, then plug cord in the wall outlet.

11.Do not use the appliance for other than intended use.

12.WARNING: Never leave the appliance unattended whilst in use.

13.Warning: keep the supply cord away from heating tip and metal enclosure while using.

14.This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instructions concerning use of the appliance by a person responsible for their safety.

15.Children should be supervised to ensure that they do not play with the appliance.

16.If the SUPPLY CORD is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

17.WARNING: This tool must be placed on its stand when not in use.

SAVE THESE INSTRUCTIONS.

08 / Warranty Terms

Within the period of warranty, if the product fails with no fault of user operations, it will be repaired at Petoneer's expense. The warranty will not cover product failure in examples below:

- 1). Intentional damage to the product by the user or third party.
- 2). Failure to operate or maintain the product following the (QIG) Quick Installation Guide Instructions.
- 3). Failure by natural wear and tear including but not limited to scratching, corrosion, oxidation and rusting.
- 4). Failure by non-authorized repair of the product including but not limited to user's own or third-party repairing attempts or modifications.

All Pictures shown in the manual are for illustration purpose only.
Actual product may vary due to product enhancement.
